

Varangian pt. 2 - The Queen

VERS

Behind those walls
She towers in her majesty

We tread her ground,
We watch her breath, she's alive

BRIDGE

Mortality sits high up in her throne room
Through alleys and the streets
Swarming constantly

And time will try to wear the city walls
Greatest ever seen
She eternal Queen

REF.

I pledge to you my life
My sacrifice
I pledge to you my blade

Another leader rules under other god
You stand above them all

----- x2

Rage!
Scream!
The life guard

Fight!
Storm!
Again!

Rage!
Scream!
The life guard

Fight!
Storm!
Again!

For the Queen
We will fight

Her embrace
Far from home

I'm gone, far away
Old and grey, I'm here to stay
Way home seems all to long

Gone, far away
Varangian, you're here to stay
Here, in the arms of your Queen
